

European Funding Opportunities and Mechanisms for Research & Development

Πιεραντώνιος Παπάζογλου

Research & Strategy Manager at Centre-of-Excellence in Risk & Decision Sciences, EUC
BSc, M.Eng, 6-sigma, NEBOSH-Επαγγελ.Α&Υ, BLS, ΕΤΕΚ-Φυσικές-Καταστροφές, ΑναΑΔ-Εκπαιδευτής-Κατάρτισης
International Association of Emergency Managers, European Association of Research Managers Administrators
Institute of Civil Protection and Emergency Management, European Citizens Association

• Επαγγελματική Εμπειρία:

- 2000-2021. Laboratory Researcher (Aegean & Stevens), Environment Research Officer (Univ. Nicosia), NCP & PCM FP7 – H2020, CY-RIF: “MSCA” | EURAXESS | “Clima & Env” | Space, Cyprus Institute: Head-Project-Manager of TEAMING-CoE-“EMME-CARE”, Evaluator EC-Expert in R&I
- 2003-now. >100 projects | various sizes | mainly in scientific/ research domain → various Roles: Implementer/ Task-Lead/ WP-Lead/ Manager/ Progr. or Portfolio Mngr.
- ETEK-Natural-Disasters, AvΑΔ-Certified Voc.Trainer, PMI CY-Chapter, EARMA P&RC, IAEM, NEBOSH

EUC – CERIDES

(<https://cerides.euc.ac.cy>):

- Research & Strategy Manager.
- Portfolio/ Project Mngt, Identification of (funding) Opportunities and Networking
- Proposal Writing Support & Mentoring/ Training/ Capacity Build. for EU Grants.

“European Funding Opportunities and Mechanisms for Research and Development”

Πιεραντώνιος Παπάζογλου

Research & Strategy Manager of CERIDES Centre-of-Excellence in Risk & Decision Sciences
European University Cyprus

Pierantonios Papazoglou joined the European University Cyprus at the Centre-of-Excellence in Risk & Decision Sciences (CERIDES), in December 2021, as a Research Associate in Civil Protection. He is also the Research & Strategy Manager of CERIDES and the Coordinator of its Research Cluster on “Defence, Civil Security, Leadership and Governance”.

He holds a BSc (Hons.) in Environmental Sciences, a MEng. in Environmental Engineering, and a Diploma (Distinction) in Occupational Safety & Health. He is a Certified Trainer by the HR-Development Authority of Cyprus, a Member of the International Association of Emergency Managers, a Member of the Institute of Civil Protection & Emergency Management, and an Active Volunteer Safety Officer at the Cypriot Civil Defence’s Search-&-Rescue Teams.

Former positions held by Pierantonios include: Manager – Head of Research & Innovation Support-Operations at a H2020-TEAMING-Centre-of-Excellence, as well as Programme Committee Member and National Contact Point for various Horizon 2020 Programmes

• Subjects previously elaborated today:

→ ESG Investing

→ ESG Transition

→ ESG Consideration in Sustainable Finance

vis-à-vis Climate Change...

• Thus, capitalizing on the above, we will “at a glance” present the EU-Programme funding R&I, which is by definition addressing...

ESG principles:

- EU's key funding programme for research and innovation, with Budget of €95.5 billion for the period 2021 – 2027.
- Tackles Climate Change, helps to achieve the UN's Sustainable Development Goals and boosts the EU's Competitiveness and Growth, within a strengthened European Research Area.
- Facilitates collaboration and strengthens the impact of R&I in developing, supporting and implementing EU policies while tackling Global Challenges.

- Projects: through competitive Calls-for-Proposals, 2-year Work Programmes.

→ MUST have “European Dimension” and “Impact”, MUST address Climate – Green Deal – Green Transition considerations...!

• For R&I-proposals to be competitive within Horizon-Europe...:

• You need to showcase **EUROPEAN ADDED VALUE...!**

→ Problem/Issue to be solved or tech/innovation to be developed **cannot be of local/regional character but rather of pan-European... scale/complexity of the “solutions” for EU and not “just Country-X”.**

→ **Transnationality, replicability, transferability:** keywords for both “challenges”/“problems” addressed, and “solutions” proposed.

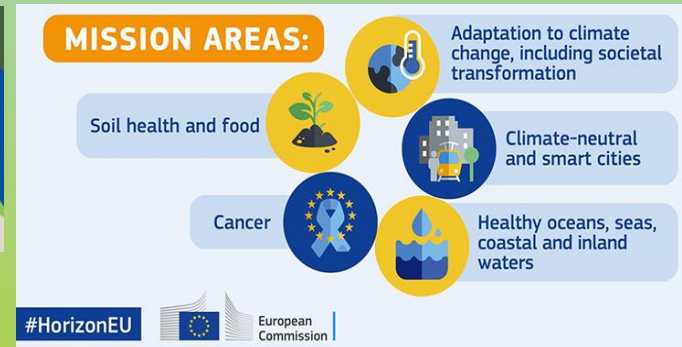

• You need to showcase how you contribute to the priorities of:

→ the **EU GREEN DEAL,**

→ the **EU Green Transition,**

→ as well as how you align with the **EU Missions...**

WIDENING PARTICIPATION AND STRENGTHENING THE EUROPEAN RESEARCH AREA

Widening participation & spreading excellence

Reforming & Enhancing the European R&I system

Main Types of Funding Mechanisms within HEU

Research and innovation action (RIA)

Activities to establish new knowledge or to explore the feasibility of a new or improved technology, product, process, service or solution.

Innovation action (IA)

Activities to produce plans and arrangements or designs for new, altered or improved products, processes or services.

Coordination and support actions (CSA)

Activities that contribute to the objectives of Horizon Europe. This excludes R&I activities, except for 'Widening participation and spreading excellence'

Programme co-fund actions (CoFund)

A programme of activities established or implemented by legal entities managing or funding R&I programmes, other than EU funding bodies.

Innovation and market deployment actions (IMDA)

Activities that embed an innovation action and other activities necessary to deploy an innovation on the market. (EIC)

Training and mobility actions (TMA)

Activities that aim to improve the skills, knowledge and career prospects of researchers, based on mobility between countries and, if relevant, between sectors or disciplines. (MSCA)

Pre-commercial procurement actions/ (PCP)

Activities that aim to help a buyers' group to strengthen the public procurement of research, development, validation and, possibly, the first deployment of new solutions

Public procurement of innovative solutions actions (PPI)

Activities that aim to strengthen the ability of a buyers' group to deploy innovative solutions early

(ESG...) Policy and Horizontal Considerations...

Open Science across the programme

Gender dimension in R&I content

Pathway to impact

Measures to maximise impact

Do no significant harm principle (DNSH)

Artificial intelligence

Open Science

Open science is an approach based on open cooperative work and systematic sharing of knowledge and tools as early and widely as possible in the process. Including active engagement of society

Gender Dimension

Addressing the gender dimension in research and innovation entails taking into account sex and gender in the whole research & innovation process.

Project's pathway towards impact

...by thinking about the specific contribution the project can make to the expected outcomes and impacts set out in the Work Programme.

Dissemination, exploitation and communication

To include a draft plan in proposal is an admissibility condition, unless the work programme topic explicitly states otherwise.

European Green Deal

In line with the European Green Deal objectives, the research and innovation activities should not make a significant harm to any of the six environmental objectives (EU Taxonomy Regulation)

Trustworthy Artificial Intelligence

Due diligence is required regarding the trustworthiness of all AI-based systems/ techniques used or developed in projects funded under Horizon Europe.
